Date of Issue: March 24, 2020

ADDEDUM #2: Lower Rio Grande Public Water Works Authority (LRGPWWA) Request For Proposals Number FY2020-02 – Water Master Plan

Clarification of delivery instructions for proposals:

Several firms have submitted a question about whether the Lower Rio Grande Public Water Works Authority will accept electronic submittal of proposals in PDF format. We will NOT be accepting electronic submittal because we need paper copies for our Evaluation Committee. If your firm will be delivering your proposal to our La Mesa Office, it will be helpful to us (but is not mandatory) if you will call Angie Meza at 535-233-5742 x1008 to let her know about what time you expect to arrive. This office will likely be closed to the public by then, but she can be sure to unlock the door and keep an eye out for you.

Because of the current situation with the CoVid-19 pandemic, if you will be using a delivery service or USPS for submitting your proposal, we encourage you to use guaranteed delivery and allow ample time.

DEADLINE FOR PROPOSALS: 3:00 p.m. on April 2, 2020

DELIVERY ADDRESS FOR PROPOSALS: LRGPWWA La Mesa Office, 521 St. Valentine, La Mesa NM 88044 (contact the Projects Manager for USPS address if mailing)

**ADDENDUM ISSUED BY: Karen Nichols, LRGPWWA Projects Manager,
